MEMORANDUM FOR: Mr. Cory Vitale

20 October 1965

THROUGH

: Head of D Cureer Service

SUBJECT

: Notification of Non-eligibility for Designation as a Participant in the CIA Retirement and Disability System

- 1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the system, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of ER 20-50 for participation, I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the system may be designated participants as soon as possible.
- 2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. From a review of your record it appears that the decision of your Career Service was based upon the fact that you have 15 years or more of Agency service, but have not as yet performed 60 months of qualifying service as required by regulation. My determination that you are not eligible at this time for designation in me way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CIA System if you should meet the requirements for designation in the future.
- 3. Should you desire further information concerning the requirements for designation as a participant in the CIA Retirement System, I suggest that you read paragraph e of HR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees".
- 4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel free to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in floom 6E-1319 Hend-quarters (extension 6001). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case to formally considered by the Board. However, this request must be made within 30 days of the date of this memorandum.

Mr. Vitale since he was assigned to me Anitially on a parttime basis and later as a full time assistant has performed adequately as an input analyst in addition to his proficient work as a Records Officer and General support assistant. quality of his input has been good and his production has helped considerably in cutting down the size of the input backlog. Mr. Vitale also continues to perform the Records Officers function for the branch with a sound knowledge of general records procedures. His attitude and attendance record continue to reflect a willingness to assist the branch in whatever way necessary. In addition Mr. Vitale's valuable background knowledge on a former vital portion of the branch's effort continues to be utilized to a considerable extent. He gets along well with his colleagues and contributes to the smooth running of the office.

Mr. Vitale is presently within 2 years of retirement or 4 years, if he does not receive an overseas assignment. He has told the career panel, he would accept an overseas assignment to either Vietnam or Laos. In view of his experience with paramilitary operations, it is felt this would be a more fitting assignment for him than the present one, even though he has been performing quite satisfactorily. ## NARRATIVE COMMENTS

For approximately four months during 1967, Mr. Vitale worked with me in providing Headquarters' support to JMWAVE in its conduct of special operations into PBRUMEN. In such a role, Mr. Vitale's knowledge of the history, mechanics, requirements and PBRUMEN personnel of these operations was invaluable in (1) the preparation of operational proposals for the 303 Committee, (2) the provision of timely operational information periodically requested by the front offices of both WH/COG and WHD, and (3) the briefing of WOFIRM personnel newly assigned to JMWAVE to assist in these operations. While under my supervision, Mr. Vitale was a conscientious, loyal, cooperative employee who readily and willingly performed all tasks assigned to him in an exceptional manner. He always expressed his willingness to work as many hours as necessary to finish the task at hand. He has a very pleasant personality, gets along well with his fellow workers and exhibits a good sense of cost consciousness in the use of government equipment and materials. The rating letter "S" most accurately reflects the level of performance of Mr. Vitale during the period he was under my supervision.

Mr. Vitale continues to perform his duties as an operational support assistant capably. His background knowledge of Cuban paramilitary operations has provided the Branch with very useful continuity. His ability and experience in locating material and in handling records for headquarters support to WH/COG Special Operations contribute substantially to the Branch's operational support effort. Mr. Vitale carries out his assigned duties in a willing, loyal and highly dependable manner. He recently has been given an additional assignment on the CUIS Machine Input Program which he is handling in a highly efficient manner. He gets along well with his colleagues and contributes to the smooth running of the office. He does not have supervisory responsibilities, but does show concern for efficient and economical use of government property.

COMMENTS OF REVIEWING CIFFICS	4	

As noted in the last Fitness Report, I concur generally in the supervisor's ratings of Mr. Vitale's performance as listed; but I must again note that these are duties which could be performed by a more junior clerical type and that Mr. Vitale should not be considered as performing GS-8 level Intelligence Assistant work at a Proficient rating. Indeed, he is, in my opinion, not qualified for such a role and his official position title should be changed to prevent any misunderstanding as to the somewhat unique nature of his value to the Agency.

State suggestions made for improvament of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain retings given in Section B to provide best basis for determining future personnel action; Magner of performance of managerial or supervisory dettes and cost consclousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate wheel of paper.

Mr. Vitale since he was assigned to be intitially on a parttime basis and later as a full time assistant has performed
adequately as an input analyst in addition to his proficient
work as a Records Officer and General support assistant. The
quality of his input has been good and his production has helped
considerably in cutting down the size of the input backlog.
Mr. Vitale also continues to perform the Records Officers
function for the branch with a sound knowledge of general records
procedures. His attitude and attendance record continue to
reflect a willingness to assist the branch in whatever way
necessary. In addition Mr. Vitale's valuable background
knowledge on a former vital portion of the branch's effort
continues to be utilized to a considerable extent. He gets
along well with his colleagues and contributes to the smooth
running of the office.

Mr. Vitale is presently within 2 years of retirement or 4 years, if he does not receive an overseas assignment. He has told the career panel, he would accept an overseas assignment to either Vietnam or Laos. In view of his experience with paramilitary operations, it is felt this would be a more fitting assignment for him than the present one, even though he has been performing quite satisfactorily.

#### NARRATIVE COMMENTS

For approximately four months during 1967, Mr. Vitale worked with me in providing Headquarters' support to JMWAVE in its conduct of special operations into PBRUMEN. In such a role, Mr. Vitale's knowledge of the history, mechanics, requirements and PBRUMEN personnel of these operations was invaluable in (1) the preparation of operational proposals for the 303 Committee, (2) the provision of timely operational information periodically requested by the front offices of both WH/COG and WHD, and (3) the briefing of WOFIRM personnel newly assigned to JMWAVE to assist in these operations. While under my supervision, Mr. Vitale was a conscientious, loyal, cooperative employee who readily and willingly performed all tasks assigned to him in an exceptional manner. He always expressed his willingness to work as many hours as necessary to finish the task at hand. He has a very pleasant personality, gets along well with his fellow workers and exhibits a good sense of cost consciousness in the use of government equipment and materials. The rating letter "S" most accurately reflects the level of performance of Mr. Vitale during the period he was under my supervision.

Mr. Vitale continues to perform his duties as an operational support assistant capably. His background knowledge of Cuban paramilitary operations has provided the Branch with very useful continuity. His ability and experience in locating material and in handling records for headquarters support to WH/COG Special Operations contribute substantially to the Branch's operational support effort. Mr. Vitale carries out his assigned duties in a willing, loyal and highly dependable manner. He recently has been given an additional assignment on the CUIS Machine Input Program which he is handling in a highly efficient manner. COMMENTS OF REVIEWING OFFICIAL

As noted in the last Fitness Report, I concur generally in the supervisor's ratings of Mr. Vitale's performance as listed; but I must again note that these are duties which could be performed by a more junior clerical type and that Mr. Vitale should not be considered as performing GS-2 level Intelligence Assistant work at a Proficient rating. Indeed, he is, in my opinion, not qualified for such a role and his official position title should be changed to prevent any misunderstanding as to the somewhat unique nature of his value to the Agency.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper particles, their relationship to averall performance. State suggestions made for improvement of work performance. Give recommendations for training. Cummon overall performance competence, if required for current position. Amplify or explain ratings given in Saction B to provide best on foreign language competence, if required for current position. Amplify or explain ratings given in Saction B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if U!'L & J 12 00 PK 185 applicable.

Mr. Vitale's longevity on the project makes his services increasingly valuable. This is particular true in briefing and orienting new officers. He continues to do an exceptional job car in assisting his office on a most complex project whose em many of his colleagues have transferred primarily because of the many demands and frustrations caused by this extraordinary project. Mr. Vitale continues to be a most loyal, cooperative and willing worker, getting along well with all hands. His maturity and many years of experience in his field, in addition to his great general knowledge, make him a most valued employee when compared to colleagues of similar rank. It is because of this that I have again rated Mr. Vitale very high. Although Mr. Vitale has no supervisory responsibilities and fully realizing his limited potential as a senior operations officer, I feel he is still undergraded and should be promoted to the next higher grade at the earliest opportunity. Because Mr. Vitale's job and performance have remained almost exactly the same as during the previous year, this fitness report is also very similar.

### MAIL ROOM

Mr. Vitale continues to do an exceptional job in assisting his office on a most complex project. His longevity on the project, coupled with his continued objectivity, makes his services increasingly valuable. This is in contrast to many of his colleagues who have transferred because of the many extreme demands and frustrations caused by this extraordinary project. Mr. Vitale continues to be a most loyal, cooperative and willing worker, getting along well with all hands. His maturity and many years of experience in his field, in addition to his great general knowledge, make him a most valued employee when compared to colleagues of similar rank. It is because of this that I have again rated Mr. Vitale very high. In addition, and fully realizing his limited potential as a senior operations officer, I feel he is still undergraded and should be promoted to the next higher grade at the earliest opportunity.

State suggestions made for improvement of with performinges. Give recommendations for training. Comment on foreign language competence, if required for current position. Military of plant for every in Section B to provide best basis for determining future personnel action. Manner of performance of managerial of superitiony duties must be described, if applicable.

Subject continues to do an exceptional job in assisting his office in the formulation of reports and plans by his research and ability to quickly make name traces and ferret out information from the various agency sources.

During the past year subject has continued to be a most cooperative, loyal and willing worker on a project that due to its nature is more frustrating, and demands more with less apparent return than most projects. As on his previous fitness report, I have rated him very high, primarily due to the fact that have made him of many years experience with the Agency have made him of much more immediate value than most of his collegues in the GS 7-9 level. Consequently, although he has made G3-8 within the past year, I feel he is still undergraded and should be promoted to G3-9 at the carliest opportunity.

SECTION C . NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. Size recommendations for training. Comment on foreign language campetence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if opplicable.

Subject has done an exceptional job in assisting his office in the formulation of reports and plans by his research and ability to quickly make name traces and ferret out information from the various agency sources concerned.

He at all times has been a most cooperative, loyal and willing worker with good security habits. Although, he does not have the ambition or drive to get to the top of the ladder that many younger officers may have (not everybody can or wants to be Chief, but can still be one of the best indians in the business), his great store of general knowledge and many years of agency experience have made him of much more immediate value than most of his colleagues in the GS-7-9 level, and it is because of this that he has received such a high rating. Consequently, it is recommended that Mr. Vitale be promoted to the next higher grade at the earliest opportunity.

#### Section 3. Comments of Reviewing Official:

This employee had no qualifications for assignment in the German desk or German operational field. He was carried in the German Branch in a casual status while an assignment suitable to his talents was being located. The fitness report for the period of his duty with the German Branch is accordingly only a record of the fact that he loyally and diligently carried out assigned tasks to the best of his ability.
